**CIMCO COMMUNICATIONS, INC., RESPONSE TO THE ILLINOIS  
COMMERCE COMMISSION'S  
FIRST SET OF DATA REQUESTS 1 THROUGH 7**

CIMCO Communications, Inc., hereby provides its supplemental response to the ICC Staff's First Set of Data Requests 1-7 in docket 06-0028.

1. Offered Network Access Line Services: For each exchange in the AT&T Illinois ILEC service area within Illinois MSA 1 (see the list of exchanges provided below) please:

- a. Indicate whether you offer any service that includes a residence network access line including, but not limited to, ala carte residence network access lines and packages containing residence network access lines.

Response:

CIMCO has discovered that it had some outdated tariffs on file with the ICC that would suggest the provision of residential service. As CIMCO has previously indicated in responses to discovery, it only offers business services to its customers. CIMCO markets its services to medium and large businesses. To ensure that its tariffs accurately reflect the services it provisions to its customers CIMCO has withdrawn all tariffs that may have referenced the provision of services to residential customers.

- b. If you do offer any service described in Question 1.a, please describe the service you offer, if any, that comes closest to an ala carte residence network access line (e.g. a service that includes a basic residential access line that is not bundled with either vertical or other “optional” services or buckets of local or long distance minutes, and that permits the customer the option of selecting local usage fees on a per call/per minute basis).

Response:

See response to 1 (a).

- c. If you do offer any service described in Question 1.a, please describe the service you offer, if any, that comes closest to a flat rated residence network access line and local usage combination (e.g. a service that includes a basic residential access line bundled with either a bundle of local minutes or unlimited local minutes and that is not bundled with vertical or other “optional” services or buckets of long distance minutes).

Response:

See response to 1 (a).

2. Network Access Lines Provided: For each exchange in the AT&T Illinois ILEC service area within Illinois MSA 1 (see the list of exchanges provided below) please provide:

- a. A count of the total number of services described in Question 1.a that your company provided/sold on December 31, 2005. Please specify the platform used to provide these services (e.g., resale, UNE-L, UNE-P, special access, end-to-end facilities). If more than one platform is used to provide these services, please provide counts of services, by exchange, for each type of platform.

Response:

See response to 1 (a).

- b. A count of the total number of services described in Question 1.b that your company provided/sold on December 31, 2005. Please specify the platform used to provide these services (e.g., resale, UNE-L, UNE-P, special access, end-to-end facilities). If more than one platform is used to provide these services, please provide counts of services, by exchange, for each type of platform.

Response:

See response to 1 (a).

- c. A count of the total number of services described in Question 1.c that your company provided/sold on December 31, 2005. Please specify the platform used to provide these services (e.g., resale, UNE-L, UNE-P, special access, end-to-end facilities). If more than one platform is used to provide these services, please provide counts of services, by exchange, for each type of platform.

Response:

See response to 1 (a).

3. Network Access Line Prices: For each exchange in the AT&T Illinois ILEC service area within Illinois MSA 1 (see the list of exchanges provided below) please provide:

- a. The price charged to end users for the services described in Question 1.b (please provide the total price assessed by the Company to the consumer including any taxes, fees, surcharges, etc.)

Response:

See response to 1 (a).

- b. The price charged to end users for the services described in Question 1.c (please provide the total price assessed by the Company to the consumer including any taxes, fees, surcharges, etc.)

Response:

See response to 1 (a).

4. Offered ISDN Services: For each exchange in the AT&T Illinois ILEC service area within Illinois MSA 1 (see the list of exchanges provided below) please indicate whether you offer any service that includes a residence ISDN service including, but not limited to, ala carte residence ISDN service and packages containing residence ISDN service.

Response:

See response to 1 (a).

5. ISDN Lines Provided: For each exchange in the AT&T Illinois ILEC service area within Illinois MSA 1 (see the list of exchanges provided below) where you offer a service that includes a residence ISDN service please provide a count of the total number of such services provided including, but not limited to, ala carte residence ISDN services and packages containing residence ISDN services on December 31, 2005.

Response:

See response to 1 (a).

6. Offered Call Waiting: For each exchange in the AT&T Illinois ILEC service area within Illinois MSA 1 (see the list of exchanges provided below) please identify whether you offer Call Waiting. Please indicate whether the service is offered on an ala carte basis, as part of packages of services, or both.

Response:

See response to 1 (a).

Offered Caller ID: For each exchange in the AT&T Illinois ILEC service area within Illinois MSA 1 (see the list of exchanges provided below) please identify whether you offer Caller ID, Caller ID with Name, and/or Taking Call Waiting. Please indicate whether the service is offered on an ala carte basis, as part of packages of services, or both.

Response:

See response to 1 (a).
